COOKIE POLICY

COOKIES

1. WHAT COOKIES ARE AND WHAT COOKIES DURALAMP USES

Cookies are packets of information sent by a web server (e.g. the site) to the user's Internet browser, which is automatically stored by the latter on the computer and automatically sent back to the server each time the site is accessed. By default, almost all web browsers are set to automatically accept cookies. The website does not use cookies for the transmission of personal information. DURALAMP uses only technical cookies. The use of technical cookies is strictly limited to the transmission of session identifiers necessary to allow the safe and efficient exploration of the site. The technical cookies used on this site avoid the use of other computer techniques that could potentially compromise the confidentiality of users' navigation and do not allow the acquisition of personal identification data of the user.

COOKIES TYPE	PURPOSE	TIME OF CONSERVATION	CONSEQUENCE IN CASE OF DESELECTION
Technical cookies	Site management. They allow the safe and efficient operation and exploration of the website. They facilitate navigation and the service provided to the user according to a series of selected criteria.	Valid for the navigation session or for a specific time depending on the functionality.	These are the cookies needed to use the website, blocking them does not allow them to function.

2. INFORMATION ON COOKIES ISSUED BY DURALAMP

We provide the following information about the cookies used on the Site:

1) The **domain name** from which the Site server transmits cookies is: www.duralamp.com.

2) **Purpose of collection**: cookies are used to allow easier and faster navigation within the Site or to carry out statistical and anonymous analysiss/checks on the use of the site (technical cookies).

3) **Data collection**: the following information is stored: the addresses in URI (Uniform Resource Identifier) notation of the resources requested, the time of the request, the method used to submit the request to the server, the size of the file obtained in response, the numerical code indicating the status of the response given by the server (successful, error, etc.) and other parameters relating to the user's operating system and computer environment.

From a technical point of view, cookies (transmitted by the domain www.duralamp.com) contain the following information: a numeric ID that uniquely identifies DURALAMP and a numeric ID that identifies the user (who navigates within the Site), both stored within our database; a numeric ID that uniquely identifies the user's navigation (so-called "record") within our database; an alphanumeric pseudo-random session ID automatically deleted by the browser when it is closed (session cookie).

1) **Cookies validity**: the Site uses session cookies (see par.1), which are deleted when the browser is closed.

2) **Need for acceptance of cookies**: acceptance of cookies is not compulsory but their deactivation, although it allows navigation within the Site, may not make it possible to release some of the Site's contents and functions.

3) **Data Communication**: the information collected through cookies is confidential and is not communicated to third parties.
