

## DECORATIVE SUSPENSION PROFILES: P06H

### Features

Suspension profile.  
Circular diffuser with 360° light emission.  
The essential design of this profile and the 360° beam opening, allows for this profile to be installed anywhere whilst responding to many needs using the same aesthetic element.

**CAN BE USED WITH LED STRIPS WITH MAXIMUM WIDTH:**  
30 mm

**MAXIMUM POWER:**  
42W/m

### Installation

Suspension installation.  
Driver and controller must be positioned remotely to the profile.

### Material

6063 aluminium profile with white polycarbonate screen.

### Accessories

Every 2 metre bar is complete with 2 sets of end caps (without hole) and 2 sets of suspension cables.

### Packaging

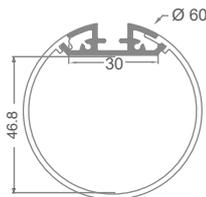

Supplied in packaging of 1 bars of 2 meters complete with screen and accessories.  
Spare accessories for additional cutting available with a separate code.

### Notes

Thanks to the possibility of using different strips the profile becomes a fixture that can provide different light temperatures, to be used depending on the activities carried out in that space at different times during the day.

-15°C  
+35°C

## Dimensional characteristics

L	2000 mm
Ø	60 mm

## Electrical characteristics

Operating temperature	-15°C / +35°C
